I never expected to be writing a five-star review of this book. When the book arrived and I saw how thin it was, I assumed that it wouldn't be very helpful. I was wrong. It sets forth a step-by-step guide to writing a good cover letter. The first time I followed the guidance set forth in the book, I was offered the opportunity to interview. I actually think my cover letter helped to make that happen. How could I give it any less than five stars?
