From Brand: Fast Forward Entertainment Inc : Encyclopedia of Weaponry (D20) before purchasing it in order to gage whether or not it would be worth my time, and all praised Encyclopedia of Weaponry (D20):

0 of 0 people found the following review helpful. ok but not for me mostly.By abraham harlen jules raynot the best d20 book in my opinion in that in one of the weapons there is a section that has a begger forced into working permanently for a thieves guild.

Drawn from the pages of history, this book contains all kinds of weapons and armor used throughout the ages. From glaives to flintlocks, you'll find it listed here!
