P W Joyce : English As We Speak It In Ireland before purchasing it in order to gage whether or not it would be worth my time, and all praised English As We Speak It In Ireland:

1 of 1 people found the following review helpful. Hear Ourselves as Others hear usBy Random MusingsMost interesting book hearing ourselves speak. The connection between our native tongue and how it has contributed directly to our use, often colourfully, to the English we speak is fascinating. Scholarly but appealing to anybody with an interest in the English language.1 of 1 people found the following review helpful. Great ResourceBy AnnaRoseAs

an author, it's important to write in the vernacular for certain characters, when you're trying to create the right atmosphere. This book has made that process a bit easier to accomplish. Thanks for making this book available. My research-benumbed brain thanks you as well. 0 of 0 people found the following review helpful. The book *English As We Speak It in Ireland* By Debbie Schneider The book explains why there are different "accent" or ways of pronouncing words in Ireland just like there are here in the USA. Really enjoyed it.

Originally published in 1910, this early work by Irish historian Patrick Weston Joyce is both expensive and hard to find in its first edition. Its 366 pages give a comprehensive account of the English dialect as spoken in Ireland and include chapters on idioms, swearing, grammar and much more. This is a fascinating work and is thoroughly recommended for anyone interested in the English language and Irish History. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
