Scott Gravina, Isabel Jaen-Portillo, Claudia Mendez, Regina Schroeder : Epocas y Avances: Lengua en su contexto cultural (with Audio CD) before purchasing it in order to gage whether or not it would be worth my time, and all praised Epocas y Avances: Lengua en su contexto cultural (with Audio CD):

0 of 0 people found the following review helpful. this textbook is both useful and frustrating at the same timeBy C. RoseAs a second year Spanish student, this textbook is both useful and frustrating at the same time. Its useful because it serves as a tool for immersion in the classroom and at home, but frustrating because there is no bridge between the first and second year of Spanish. Many of the terms, words and vocabulary were not anything I learned out of our first year textbook. Translation is minimal with a basic dictionary in the back. You will need a separate dictionary.0 of 0 people found the following review helpful. Good book for schoolBy K. SandersGood book for school, I have had better spanish books, but this was ok. Too much history and not enough memorization tests for conjugation. Required by PSU so needed it.1 of 1 people found the following review helpful. Fantastic Text!By AmaLeachBeechThis is a required text for my second year spanish course at college.I was distraught at first that everything is in Spanish (no english instruction) but I know it is what has helped me grasp the language.I have not used the CD, but the QUIA site is incredibly helpful.This text is not great for self-teaching (unless you're really good at spanish) and an instructor will

be necessary (or, at least a tutor who is fluent.)5 stars for great material.

Intended for intermediate- to advanced-level students, *pocas y avances* uses a unique communicative-humanistic approach to second language acquisition. Through a series of original readings and related activities *pocas* enhances linguistic proficiency while emphasizing important aspects of the history, literature, art, society, geography, language, and culture of Spain and Latin America. The interdisciplinary content of *pocas* is designed to:

"I liked the concept of these materials. I think both culture and literature are very well blended in with the linguistic components. I find the contents very interesting and appealing to anyone, but more specifically to those who are taking cultural and literature courses as well. It's a fantastic book to familiarize students not only with the target language, but also with its historical context."Professor Manuel Galofaro, Department of Romance Languages and Literatures, Hofstra University
