NOT Brazil, but not too far off from it. A few differences between the type of Portuguese.1 of 1 people found the following review helpful. GoodBy CayenaThis product came in better conditions as it said. I wanted the Brazilian version. I totally didn't realized that I picked the wrong one. But I

kept it. It has the same activities but just in the way European people would say it. I do recommend this product. 2 of 2 people found the following review helpful. Book Version of Rosetta Stone By Lyns This book made learning Portuguese so easy. The book at this value is a steal, and it does a great job of showing you the the European and Brazil's style of Portuguese.

There is a Brazilian version and European Portuguese version of the Student Activities Manual. The organization of the Student Activities Manual follows that of the main text, providing further practice of each chapters vocabulary and grammatical structures through sentence-building and completion exercises, fill-ins, and art- and realia-cued activities. Reading and writing activities include strategies for improving reading and writing skills. The audio recorded passages are followed by comprehension-check activities. The video based activities test students comprehension of the video and invite them to react to the experiences and opinions expressed by the speakers. A substantial appendix to both SAMs provides additional targeted practice for Spanish-speaking learners of Portuguese.
