Punit Raja SuryaChandra, EZ Solutions : EZ GMAT - Math Strategies before purchasing it in order to gage whether or not it would be worth my time, and all praised EZ GMAT - Math Strategies:

WadeI bought two of these books in the GMAT series; Math Practice Advanced Workbook and Math Test Taking Strategies. The content was excellent; I also used the Kaplan book and the official one from the GMAC. EZ Solutions covered much of the same strategies as Kaplan, but I found the practice exercises more helpful in getting me to remember and apply the strategies. I attribute EZ Solutions for most of the gain from my first practice score of 690 to my actual test score of 750.The series is very repetitive, which can be good for reinforcing the techniques. However, some practice questions are too similar to be helpful. For instance, one problem may be identical to the proceeding one except all the numbers are different by a factor of 2. That indicates to me a little laziness on behalf of the author.[...]4 of 6 people found the following review helpful. Not as advertisedBy phoneyguyAlbeit the book contains several nice techniques for preparing

for the quantitative section of the GMAT, you are required to purchase the other books to obtain a complete preparatory library and see the entire picture. Also it looks like the publisher laid out the entire book using Microsoft Works; not easy to find where you left off if you close the book. 4 of 6 people found the following review helpful. Good for the first time test taker... By Just a dude This book is filled with tips and tricks that I learned in HS when I took the PSAT. If you never took a standardized test before, or don't know some of the standard "tricks" to taking them, then this book can be a big help.

Important Note: It is not necessary; however, in order to obtain the best results, we recommend that you make use of our entire set of 9 books. All the 9 books in this series are available for purchase and immediate shipping. EZ - Simplified Solutions The Breakthrough In Test Prep! Leaders in Test Prep Solutions We make it EZ for you!
