Peter Fermie, Stephen Shepherd : Family Health Encyclopedia: The Comprehensive Guide To The Whole Family's Health Needs, In Association With The Royal College of General Practitioners before purchasing it in order to gage whether or not it would be worth my time, and all praised Family Health Encyclopedia: The Comprehensive Guide To The Whole Family's Health Needs, In Association With The Royal College of General Practitioners:

0 of 7 people found the following review helpful. One StarBy Ruth M. BatemanDid not meet my need

Produced in association with the Royal College of General Practitioners, one of world's leading organizations promoting family health, this clear and expert practical guide will help you diagnose a wide range of common conditions and ailments, and offers both conventional and complementary approaches to prevention and cure.

About the Author Dr Peter Fermie is a GP with specialist knowledge on exercise, addictive behaviour, the nervous system, HIV and AIDS, children's health and palliative care. Dr Stephen Shepherd is a full-time GP with wide experience of medicine. He has written many articles for publications such as GP magazine. His medical interests include surgery, primary health care and circulatory issues.
