Lou Manzi : Fingerpicking Pattern Encyclopedia: Over 200 Useful Fingerpicking Patterns before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fingerpicking Pattern Encyclopedia: Over 200 Useful Fingerpicking Patterns:

1 of 1 people found the following review helpful. It is easy to read and teaches By link2I like the fact that it is very well organized, teaches finger patterns in a progressive manner, and can help even the beginning guitarist, as I am. I borrowed this book from the library originally, and really liked it, so I bought it. I'm glad I did. It works :) The book did not come with the CD, but I doesn't seem to really matter. For me, the CD is not necessary.

In addition to over 200 useful fingerstyle patterns, lessons on fingerstyle technique, reading music and 13 original fingerstyle compositions are included. Examples are shown in easy-to-read TAB and standard music notation. The CD includes performances of each pattern and the original compositions.
