Merriam-Webster : Merriam-Webster's Collegiate Reference Set (Dictionary) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Merriam-Webster's Collegiate Reference Set (Dictionary):

3 of 3 people found the following review helpful. What's not to love about Webster? By PseudoJane I ordered this for an editing class and relearned how to use a dictionary. So fun! I haven't used the electronic version yet. I'll update the review when and if I do. If you do any kind of writing, and you want to be taken seriously, you need this reference. I took off one star because pages stick together and a section got folded over and was not cut correctly. If I unfold that section, it sticks out. Doesn't bug me enough to return it, but irks me that their quality control was off when this was not a bargain book. 10 of 10 people found the following review helpful. Books are nice, but having them on my laptop is perfect! By A Customer I'm an editorial freelancer, so I haul my laptop around a lot between multiple clients' offices. Inspired by a review here at , I ordered the book/CD combo, and it's been great! I keep the books on my desk in the "home office," and I installed the software on my PowerBook. The Mac interface is not very well designed--it takes a lot of mouse clicks to get from word to word, and there don't seem to be any keyboard shortcuts--but it gets the job done soooo much faster than thumbing through the book when I'm on a deadline. I use it constantly. 0 of 0 people found the following review helpful. Five Stars By Juan Carlos Rivera Great!

Gain access to the latest word information in print and digital formats. Slipcase includes: Newly revised updated edition of the Merriam-Webster's Collegiate Dictionary, Eleventh Edition (with an electronic version of the dictionary; and a free one-year online subscription) Merriam-Webster's Collegiate Thesaurus, Second Edition.

About the Author Since 1937, Merriam-Webster is America's foremost publisher of language-related reference works. The company publishes a diverse array of print and electronic products, including Merriam-Webster's Collegiate Dictionary, Eleventh Edition America's best-selling desk dictionary and Webster's Third New International Dictionary, Unabridged. Merriam-Webster can be considered the direct lexicographical heir of Noah Webster. In 1843, the company bought the rights to the 1841 edition of Webster's magnum opus, *An American Dictionary of the English Language, Corrected and Enlarged*. At the same time, they secured the rights to create revised editions of the work. Since that time, Merriam-Webster editors have carried forward Noah Webster's work, creating some of the most widely used and respected dictionaries and reference books in the world.
