I think it is wonderfully helpful. 0 of 0 people found the following review helpful. Five Stars By toni Excellent book. 0 of 0 people found the following review helpful. This is great! By K. Yun This is great for international people coming to America to learn English. I am a tutor and use it to help my students learn and it is so helpful.

Take a look inside! This portable visual dictionary is an essential and necessary reference tool for any visual learner, curious kid, or student new to English. It offers a visual inventory of today's world and incorporates dictionary-scale

definitions. The book contains 2,600 highly detailed illustrations (many in full color) and 9,500 corresponding words with clear and concise definitions prepared in cooperation with Merriam-Webster lexicographers. Chapters and corresponding themes include: the universe and earth; house and do-it-yourself; sports and games; and much more! Ideal for teachers, parents, translators, and ESL students.

About the Author Since 1937, Merriam-Webster is America's foremost publisher of language-related reference works. The company publishes a diverse array of print and electronic products, including Merriam-Webster's Collegiate (tm) Dictionary, Eleventh Edition - America's best-selling desk dictionary - and Webster's Third New International Dictionary, Unabridged. Merriam-Webster can be considered the direct lexicographical heir of Noah Webster. In 1843, the company bought the rights to the 1841 edition of Webster's magnum opus, An American Dictionary of the English Language, Corrected and Enlarged. At the same time, they secured the rights to create revised editions of the work. Since that time, Merriam-Webster editors have carried forward Noah Webster's work, creating some of the most widely used and respected dictionaries and reference books in the world.
