Used alone or in conjunction with any grammar, reading, writing, or listening/speaking course books, the second edition of the three-level series More Grammar Practice now has more to help students learn and review the essential grammar skills necessary for effective language learning. - Accessible two-page format keeps students' practice

focused on one grammar point at a time. - Clear grammar charts present the target grammar structures with full-sentence explanations. - Language Notes engage students with real-world applications of the target grammar.
