**From Brand: Lauden-Weinbach Publishers : Multi-dictionary: Bilingual learner's dictionary, English-English-Hebrew, Hebrew-English** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Multi-dictionary: Bilingual learner's dictionary, English-English-Hebrew, Hebrew-English:

16 of 16 people found the following review helpful. An indispensable dictionary for every student of HebrewBy anonymousThis dictionary is written with students of Hebrew in mind. Each entry tells the reader the part of speech (verb, adverb, noun, adjective, masculine, feminine, singular, plural, etc.) the word belongs to. The word is followed by its definition - in Hebrew English. The authors then present us with examples of the word's usage in sentences, which is most helpful.If the word is a verb, the authors provide us with the infinitive form of the verb, followed by the appropriate preposition, then followed by examples of past, present and future forms of the verb.Beyond the excellent information and format for students of Hebrew, the book has excellent tables: including: Word Lists by Subjects; Verb Tables; Interpersonal Communication; Medical Terms; Holidays Customs; Verbs Listed According to the Infinitive; Foreign Words Common to Hebrew and English; and an English-Hebrew Dictionary. In its preface the authors, who are teachers of Hebrew at Tel Aviv University, tell us that "Rav Milon Dictionary, as the Hebrew name implies, is a comprehensive dictionary. It is comprised of a wide range of entries, expression of idioms which reflect the multi faceted linguistic inventory of modern Hebrew.It includes colloquial language, literary and metaphorical usages,

scientific terms and updated expressions used by the media." They have aptly described their dictionary. If I had to chose only one Hebrew dictionary to carry with me to Israel, this would be my dictionary of choice. I recommend it unhesitatingly.
