Milet Publishing : My First Bilingual BookOutdoors (EnglishFrench) (French and English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised My First Bilingual BookOutdoors (EnglishFrench) (French and English Edition):

0 of 0 people found the following review helpful. Don't botherBy Lindsay MSo disappointing! We have several books in this series, and they all vary in quality, but this is by far the worst. It's like the worst clip art with a single word for each page, and the French doesn't even have the appropriate article. I find myself making up stories for the pictures to keep my child interested. Not worth it at all.

Guaranteed to enrich a toddlers vocabulary, this simple and fun series of bilingual board books is ideal for helping children discover a foreign language. Highlighting more complex concepts that go beyond colors and numbers, titles in the series feature animals, clothes, fruit, home, jobs, music, opposites, plants, school, sports, tools, vegetables, and vehicles. This collection combines photographs, bright illustrations, and dual-language words in clear, bold text. Suitable for both individuals and groups, these books are a child's perfect introduction to exploring other cultures.
