Henri Galeron, Donald Grant, Pierre de Hugo, Ute Fuhr, Raoul Sautai, James Prunier : My First Encyclopedia of Dinosaurs (My First Discoveries) before purchasing it in order to gage whether or not it would be worth my time, and all praised My First Encyclopedia of Dinosaurs (My First Discoveries):

This encyclopedia of dinosaurs has been created especially to allow young children to discover the lush natural world in which different species of dinosaurs evolved. The beautiful illustrations provide a detailed guide for readers to observe and identify the many different kinds of dinosaurs and giant sea and flying reptiles. The archeology of fossil finds and of painstaking reconstruction of skeletons is vividly portrayed.

About the Author Henri Galeron is the illustrator of Dinosaurs.
